

## Oriental Bittersweet Monitoring Day

Oriental Bittersweet is an invasive species that is becoming an increasing threat on the Riverway. It is a vine that can choke out native species and displace other vegetation.

**When:** Friday, October 20<sup>th</sup> at 9:30 a.m. – 3:30 p.m.

**Rain date:** Friday, October 27<sup>th</sup>

**Where:** Stillwater, MN near the Boomsite landing

### Event Details:

There will be a half hour training followed by monitoring on the river.

Volunteers will be able to register for monitoring by powerboat, pontoon, or kayak.

If you want to supply any watercraft, contact Sean in the email address provided below.
